

I am writing to comment that I highly recommend the K-LOVE signal not be replaced by an LPFM. I feel the local community benefits from the current K-LOVE broadcast with family-friendly programming. Many families rely on the comfort and inspiration that K-LOVE offers with its support of wholesome values. Our local community would have no other Christian station to listen to, and as a local resident, I would be outraged. Please DO NOT replace the K-LOVE signal with an LPFM. Thank you. Sincerely, Laura L. Miller
